DEPARTMENT OF CIVIL ENGINEERING

Date: - 19/10/2017

Report of Site Visit to “Dasave, lavasa city, Pune.Maharashtra”

Department of civil Engineering organized 01 day site Visit on 17 Oct. 2017 to Dasave, lavasa city, Pune, Maharashtra.

Under curriculum of Environmental engineering subject, Final year students visited to sewage treatment plant at lavasa city, Pune. It help to students understand how the waste water is treated in sewage treatment plant with different units. The treated waste water is used for the gardening and construction purpose.

Students also see the town planning of lavasa city and constructed dam over the Dasave River, from which water is supply for lavasa city. Dam is constructed by the technique of mortar grouting method.

B.E. Students Industrial visit at lavasa city
