

## **Data Acquisition System**

Name of Speaker: Mr. Ramesh Jakati

Audience: TE and BE students of Electronics and Telecommunication Engineering

Date: 28<sup>th</sup> August 2018

Mr. Ramesh Jakati, a member of CSS from BARC gave a lecture on “Data Acquisition System” on 28<sup>th</sup> August 2018 at the Seminar Hall in Department of Electronics & Telecommunication Engineering. The lecture was focussed on how different Data Acquisition Systems can be implemented in different environments. The topics covered were remote monitoring of Electric Power substation in the MPCOE campus. The faculty members also visited the substation with CSS members and discussed about the plan of action.
