Lecture on Machine Learning

Name of Speaker: Dr. Anand Nayak

Audience: Teaching Faculty

Date: 29th August 2018

Dr. Anand Nayak from BARC gave a lecture on "Machine learning" on 29th August 2018 at the Seminar Hall in Department of Electronics & Telecommunication Engineering. The lecture was focussed on how to 'teach' the computers to perform task by providing examples of how they should be done. The topics covered were Neural Network learning, Principal Component Analysis, Swarm intelligence and Artificial Immune Systems.
