Council of Senior Scientists visit Report

Sr.No.	Name of the event	Date & venue	No. of students participated	Resource person
1	BARC Ex-Scientist Visit & interaction with faculty and SE, TE & BE students.	4 th August 2015	42 (Faculty & students)	BARC Ex-Scientist Shri Narendra Gole
2	BARC Ex-Scientist Visit & interaction with students of Final year	8 th & 9 th Oct 2015 Final Year Class room	20	BARC Ex-Scientist Shri Narendra Gole
3	BARC Ex-Scientist Visit and conducted lecture for TE students	3 rd February 2017	11	BARC Ex-Scientist Shri Narendra Gole
4.	BARC Ex-Scientist Visit and conducted lecture for TE students	22 nd March 2017	04	BARC Ex-Scientist Shri Sharma
5	BARC Ex-Scientist Visit & interaction with TE & BE students. They discussed TE mini-project & BE final project	17 th 18 th & 19 th August 2017	16	BARC Ex-Scientist Shri R. K. Saraf
6	BARC Ex-Scientist Visit & interaction with students of TE & BE. They delivered lecture on "Research Paper Writing".	7 th February 2018	27	BARC Ex-Scientist Shri. Narendra Gole
7	BARC Ex-Scientist Visit & interaction with TE & BE students. They discussed TE mini-project & BE final project	28 th & 29 th August 2018	15	BARC Ex-Scientist Shri R. K. Saraf
8	BARC Ex-Scientist Visit & interaction with faculty & BE students. They discussed Water tank project & BE final project	6 th & 7 th February 2019	15	BARC Ex-Scientist Shri Narendra Gole & Shri R. K. Saraf

Academic Year: 2015-16

1. “BARC EX-SCIENTISTS visit to Instrumentation Department”

Date: - 04/08/2015

Department of Instrumentation Engineering, arranged interaction session between BARC Ex-scientists & all staff, faculty & students.

In the morning session, at 09.00 am onwards, visited all labs & interacted with faculties. In this interaction, they appreciated the efforts taken for lab development by staff & faculty. Also suggested few guidelines for betterment & improvement of the labs. After visiting to all Labs Shri. Narendra Gole started his lecture on “ Dimensional Analysis” to the students.

In the afternoon session had interaction with final year student’s of department, regarding their final year projects. In this session, students presented their project ideas in front of them. The members given some useful and important suggestion & guidance to carry project work.

At the end of the day, the both sessions are fruitful, encouraging & insisted all faculty, staff & students to think beyond curriculum.

2. “BARC EX-SCIENTISTS visit to Instrumentation Department”

Date: - 08/10/2015

Department of Instrumentation Engineering, arranged interaction session between BARC Ex-scientists & all staff, faculty & students.

In the morning session, at 9.00 am onwards, visited all labs & interacted with faculties. In this interaction, they appreciated the efforts taken for lab development by staff & faculty. Also suggested few guidelines for betterment & improvement of the labs. After visiting all the labs shri. Narendra Gole started his lecture for BE students.

In the afternoon session had interaction with second year and third year students. Shri Narendra Gole delivered guest lecture to both the year students. At the end of the day, the both sessions are fruitful, encouraging & insisted all faculty, staff & students to think beyond curriculum.

BARC Ex-scientists: - Shri Narendra Gole

Date: - 09/10/2015

In the next day morning session, at 9.00 am onwards, Shri. R.K. Saraf visited all labs & interacted with faculties. In this interaction, he appreciated the efforts taken for lab development by staff & faculty. Also suggested few guidelines for betterment & improvement of the labs. After visiting all the labs Shri. R.K.Saraf started his lecture on “Functional Safety” for BE students.

3. "01 Day Guest lecture by Shri. Narendra Gole"

Date: - 03/02/2017

Department Of Instrumentation Engineering organized a guest lecture for third year students. In the morning session Shri Narendra Gole visited to all the labs and interacted with faculties and

INSTRUMENTATION ENGINEERING DEPARTMENT

staff. He also recalled the suggestions given by him and had discussion on that topic. After visiting to all labs shri Naredra Gole started his valuable lecture. In this session students response was very good. They asked many questions to our guest Shri Narendra Gole. He also appreciated the students interaction with him.

4. “01 Day Guest lecture by Shri.BSVG Sharma”

Date: - 22/03/2017

Department Of Instrumentation Engineering organized a guest lecture for second year students. In the morning session Shri Shharma visited to all the labs and interacted with faculties and staff. He appreciated the lab equipment availability and the various type of experimental set up available in lab . After visiting to all labs shri Sharma started his lecture. In this session students response was very good. They asked many questions to our guest Shri Sharma. He also appreciated the students interaction with him.

**5. “03 Day Guest lectures by Senior Scientists council
Members”**

Date: 17th August to 19th August 2017

Department Of Instrumentation Engineering organized a guest lectures on “Functional Safety” by Shri R.K.saraf. As the Instrumentation is concerned safety is the most important aspect. In this lecture the various examples from Bhabha Atomic research centre (BARC) is taken. Two level redundancy , triple level redundancy is used in many critical applications.

➤ **Contents that were discussed during Guest lecture are as follows.**

- ✓ Introduction to Functional Safety
- ✓ Construction and working Nuclear Reactor
- ✓ Instrumentation used in Nuclear reactor
- ✓ Two level redundancy
- ✓ Triple level redundancy
