About VPM:- Vidya Prasarak Mandal, Thane which was established in the year 1935 is a registered charitable educational trust that caters to the needs of more than 18,000 students through a variety of educational institutions like Marathi and English Medium Schools, Arts; Commerce; Science and Law Colleges, Polytechnic, Advanced Study Centre, Institute of Management Studies and IT Centre. VPM with a view to provide qualitative and value-based education envisages holistic development of students' and teachers' personalities to enable them to become socially responsible citizens.

About MPCOE:- Vidya Prasarak Mandal, Thane has started the state of art engineering college namely Maharshi Parshuram College of Engineering, Velneshwar. The college is located by the proposed coastal highway, and is two kilometers away from the Velneshwar beach. Located at a plateau, the campus is surrounded by lush greenery and has a beautiful sea-view on the west. The college is affiliated to University of Mumbai and is recognized by AICTE, New Delhi and DTE, Mumbai. It offers degree courses in Mechanical, Electrical, Instrumentation, Civil, and Electronics and Telecommunication Engineering.

About the Workshop:- Bibliometrics is one of the important subjects in Library and Information Science. Bibliometric analysis is the application of mathematics and statistical methods for books and other records of communication. It has been found that one-fourth of all the research articles published in Library and Information Science periodicals are on bibliometrics and its related topics. Bibliometric techniques have been gaining importance and recognition in their application to real tasks in library and information resource management. Citation techniques are becoming more and more popular to identify the characteristics of subject literatures.

Objectives of Workshop:-

- To understand the concept, methodology and techniques of Bibliometrics, Scientometrics and Webometrics thoroughly.
- To understand the basic statistical techniques used for Bibliometrics and for others.
- Mapping of research analysis using open source software.
- Testing of Bibliometric laws.
- Understand the concept of impact factor and index calculation.
- To enhance the research activities in this field.
